

Useful Links & Information for Families

This is a confidential service which aims to promote partnership between parents of children with special educational needs and those who provide services that can support them.

This service is available to parents who live within the borough of Reading only. If you live in another part of the country you can find out about parent partnership services from your Local Authority (LA), or by going onto the National Parent Partnership Website www.parentpartnership.org.uk

<http://www.readingplay.co.uk/urban-play-rangers/> Reading Play is a section of the Early Years and Extended Schools Service at Reading Borough Council. At Reading Play our main aim is to provide play opportunities 0 to 13 year olds through play. Encouraging new learning and social experiences through play is an ethos that we put forward through all the services we provide, be it our After School Clubs, Holiday Play Clubs, and events that we hold such as the Summer Play Days. We ensure that all of Reading's children, young people and families have fair and equal access to free play activities on a daily basis.

With our extensive background and knowledge of play and early years education we work with our customers to create a unique play experience.
