

At Whitley Park Primary and Nursery School Religious Education is inclusive, reflecting the diversity of our community, which in turn nurtures an understanding of, and a respect for Christianity and other major world religions.

We take an enquiry-based approach to the subject and aim to:

- develop knowledge, understanding and awareness of Christianity and other major religions, by posing challenging questions about meaning and purpose in life, beliefs about God, issues of right and wrong and what it means to be human;
- foster a sense of awe and wonder;
- encourage respect for those holding different beliefs, and enabling our children to articulate clearly and coherently their personal beliefs, ideas, values and experiences while respecting the right of others to differ;
- promote spiritual, moral, cultural and mental development;
- equip our children to participate positively in our community and in society at large, with its diverse religions and world views.
