POLICY ADOPTED BY WP GOVERNING BOARD AT THE RESOURCES COMMITTEE MEETING HELD ON 27.09.2023.

**Document Control** 

Reference: Data Retention Policy

Version No: 5

Version Date: 04.08.22

Review Date: xxx Page: 2 of 12

**Data Retention Policy** 

The School has a responsibility to maintain its records and record keeping systems. When

doing this, the School will take account of the following factors:

• The most efficient and effective way of storing records and information;

The confidential nature of the records and information stored;

The security of the record systems used;

Privacy and disclosure; and

Accessibility of records and record keeping systems.

This policy does not form part of any employee's contract of employment and is not intended to have contractual effect. It does, however, reflect the School's current practice,

the requirements of current legislation and best practice and guidance. It may be amended

by the School from time to time and any changes will be notified to employees within one

month of the date on which the change is intended to take effect. The School may also

vary any parts of this procedure, including any time limits, as appropriate in any case.

**Data Protection** 

This policy sets out how long employment-related and pupil data will normally be held by

the School and when that information will be confidentially destroyed in compliance with

the terms of the UK General Data Protection Regulation (UK GDPR) and the Freedom of

Information Act 2000.

Data will be stored and processed to allow for the efficient operation of the School. The

School's Data Protection Policy outlines its duties and obligations under the UK GDPR.

**Retention Schedule** 

Information (hard copy and electronic) will be retained for at least the period specified in

the attached retention schedule. When managing records, the School will adhere to the

standard retention times listed within that schedule.

The retention schedule refers to all records regardless of the media (e.g., paper, electronic,

microfilm, photographic etc) in/on which they are stored. All records will be regularly

monitored by the School Business Manager

**Document Control** 

Reference: Data Retention Policy

Version No: 5

Version Date: 04.08.22

Review Date: xxx Page: 3 of 12

**Destruction of Records** 

The schedule is a relatively lengthy document listing the many types of records used by

the School and the applicable retention periods for each record type. The retention periods

are based on business needs and legal requirements.

Where records have been identified for destruction, they should be disposed of in an

appropriate way. All information must be reviewed before destruction to determine

whether there are special factors that mean destruction should be delayed, such as

potential litigation, complaints or grievances.

All paper records containing personal information or sensitive policy information should be

shredded before disposal where possible. All other paper records should be disposed of by

an appropriate wastepaper merchant. All electronic information will be deleted.

The School maintains a database of records which have been destroyed and who

authorised their destruction. When destroying documents, the appropriate staff member

should record in this list the following: -

File reference (or other unique identifier);

• File title/description;

Number of files;

Name of the authorising officer;

Date destroyed or deleted from system; and

Person(s) who undertook destruction.

**Retention of Safeguarding Records** 

Any allegations made that are found to be malicious must not be part of the personnel

records.

For any other allegations made, the School must keep a comprehensive summary of the

allegation made, details of how the investigation was looked into and resolved and any

decisions reached. This should be kept on the personnel files of the accused.

Any allegations made of sexual abuse should be preserved by the School for the term of

an inquiry by the Independent Inquiry into Child Sexual Abuse. All other records (for

example, the personnel file of the accused) should be retained until the accused has

**Document Control** 

Reference: Data Retention Policy

Version No: 5

Version Date: 04.08.22

Review Date: xxx Page: 4 of 12

reached normal pension age or for a period of 10 years from the date of the allegation if

that is longer. Guidance from the Independent Inquiry Child Sexual Abuse states that

prolonged retention of personal data at the request of an Inquiry would not contravene

data protection regulation provided the information is restricted to that necessary to fulfil

potential legal duties that a School may have in relation to an Inquiry.

Whilst the Independent Inquiry into Child Sexual Abuse is ongoing, it is an offence to

destroy any records relating to it. At the conclusion of the Inquiry, it is likely that an

indication regarding the appropriate retention periods of the records will be made.

**Archiving** 

Where records have been identified as being worthy of preservation over the longer term,

arrangements should be made to transfer the records to the archives. A database of the

records sent to the archives is maintained by the School Business Manager. The

appropriate staff member, when archiving documents should record in this list the

following information: -

File reference (or other unique identifier);

• File title/description;

Number of files; and

• Name of the authorising officer.

**Transferring Information to Other Media** 

Where lengthy retention periods have been allocated to records, members of staff may

wish to consider converting paper records to other media such as digital media or virtual

storage centres (such as cloud storage). The lifespan of the media and the ability to

migrate data where necessary should always be considered.

**Transferring Information to Another School** 

We retain the pupil's educational record whilst the child remains at the School. Once a

pupil leaves the School, the file should be sent to their next school. The responsibility for

**Document Control** 

Reference: Data Retention Policy

Version No: 5

Version Date: 04.08.22

Review Date: xxx Page: 5 of 12

retention then shifts onto the next school. We retain the file for a year following transfer

in case any issues arise as a result of the transfer.

We may delay destruction for a further period where there are special factors such as

potential litigation.

Responsibility and Monitoring

The School Business Manager has primary and day-to-day responsibility for implementing

this policy. The Data Protection Officer, in conjunction with the School is responsible for

monitoring its use and effectiveness and dealing with any queries on its interpretation.

The Data Protection Officer will consider the suitability and adequacy of this policy and

report improvements directly to management.

Internal control systems and procedures will be subject to regular audits to provide

assurance that they are effective in creating, maintaining and removing records.

Management at all levels are responsible for ensuring those reporting to them are made

aware of and understand this policy and are given adequate and regular training on it.

<u>Emails</u>

Emails accounts are not a case management tool in itself. Generally, emails may need to

fall under different retention periods (for example, an email regarding a health and safety

report will be subject to a different time frame to an email which forms part of a pupil

record). It is important to note that the retention period will depend on the content of the

email and it is important that staff file those emails in the relevant areas to avoid the data

becoming lost.

**Pupil Records** 

All schools with the exception of independent schools, are under a duty to maintain a pupil

record for each pupil. Early Years will have their own separate record keeping

requirements. If a child changes schools, the responsibility for maintaining the pupil record

moves to the next school. We retain the file for a year following transfer in case any issues

arise as a result of the transfer.
